**FOR IMMEDIATE RELEASE**

**Have Patience Around Slow-Moving Farm  
Machinery**

Spring is finally in the air! The birds are chirping, flowers are blooming, and more farm machinery is on the roadways.

Only pass farm machinery when it's safe to do so. Farm machinery is often much larger than it appears, so check that you have plenty of time and a clear line of sight before passing.

Farm machinery might be slow-moving, but being patient will help you reach your destination safely.

We all have the same goal of getting home safely at the end of the day, and being safety conscious and proactive on the road will help make sure that happens.

For more information about farm safety, visit [www.casa-acsa.ca](http://www.casa-acsa.ca).
